Oldham Lets End Hate Crime Grant 22

Crime Awareness Week taking place 7-13 February 2022 that can help become the catalyst for further conversations; or

Organisations should also be

- Helping to change/challenge the behaviours, narratives and perceptions of Hate Crime; and

Project proposals submitted to this programme must fit with the government's current guidance in relation to Covid-19 and include careful consideration of the safety both of those delivering the activity and its intended audience. For latest guidance, please check the website www.gov.uk/coronavirus

Priority will be given to innovative projects which make use of sporting activities to engage participants which show an awareness of more than one strand of hate crime and projects which can show a tangible product at the end that can then be re-used e.g. hate crime awareness resources such as posters,

	<p>film clips, music, artwork, presentation materials and research documents and findings etc.</p> <p>Only one application for funding will be accepted per organisation.</p>

	<p>The focus of this fund is to empower community organisations to work collaboratively with artists and cultural organisations in a way they might not have before, to produce creative events that are driven by them and highlight their ideas and creativity.</p> <p>Although our funding usually falls under several art form disciplines, we don't want to be too prescriptive over what kinds of creative responses we expect to see for the Let's Create Jubilee Fund. Instead, we want to encourage community organisations to think about what creative activity would mean the most to their local communities and why.</p>
Who can apply?	<p>Voluntary and community organisations will be encouraged to partner with established artists, creatives and cultural organisations to develop their activities. We believe that the strongest applications will demonstrate a strong partnership with a cultural organisation or artists or creative professional, to ensure the activity is high quality and relevant for the audiences and participants who will experience the event.</p> <p>National Portfolio organisations > Creative People and Places > Project grants recipients ></p> <p>More information on collaboration will be shared in December's guidance. For now, take a look at the links above for lists of funded organisations and individuals that you may want to reach out to.</p>

UFI Voc Tech Seed funding	
Aims/priorities:	<p>VocTech Seed is our test bed where the first spark of an idea can be scoped and tested in the supportive environment that Ufi funding provides. We grant fund projects that are at a relatively early stage, helping to prototype ideas and work out the next steps necessary on the journey to long-term success. We encourage ideas which have the potential to transform how vocational learning happens, rooted in a real-world understanding of the problems, issues and opportunities in the vocational sector. Projects will need to show us how the idea is novel – show us that you understand the market you are looking at and why this is better than anything that has been thought of before. We can support ideas for new tech, new markets, new communities of learners and we're happy to welcome new project teams. The emphasis here is on the 'new'. VocTech Seed has been designed to support innovation and we are ok with risk. This is about sharing that risk in order to encourage the development of creative new digital vocational learning tools, enabling organisations to test new ideas and work out the next steps necessary to plan a route to market and long-term success.</p>

	Funding is to support for the development of early-stage ideas, small scale testing, proof of concept work and the development of strategies to scale once Ufi funding has ended.
Who can apply?	Ufi funding is open to all organisations, including charities, trade bodies, learning providers, employers, private companies, community interest companies and other not for profit organisations. Where Ufi funds a project where the partner/partners are not charities, we must exercise due diligence to ensure that any private benefit that is generated is no more than incidental to the public benefit. This means that any benefit accruing to a non-charitable organisation does not exceed what is necessary to generate the stated public benefit of the project, in line with Ufi's charitable objectives.
Grant amount:	Between £15,000 and £50,000 for projects lasting from 3 to 12 months.
Application process:	We have an online application process . You need to register and create an account – then you can save your application and return to it at any time while the funding round is open. Our application process has two stages. The Big Give Women and Girls Match Fund

theBigGive.org.uk

Aims/priorities:

The Women & Girls Match Fund is a match funding campaign for charities that are working to improve the lives of vulnerable, disadvantaged or underrepresented women and girls in England and Scotland.

All public donations made to participating charities via theBigGive.org.uk during the week of the campaign (**8 - 15 March 2022**) will be matched by DCMS' Tampon Tax Fund until each organisation's ring-fenced match funding award of either £2,500, £10,000 or £25,000 is used up. The campaign will launch on International Women's Day at midday. Donations will be doubled by the charity's Champion funds until the match funds have been exhausted or the campaign has closed, whichever comes first.

Who can apply?

To be eligible to apply, charities must meet all of the following criteria:
