### Sporting Capital Loan Fund

**Aims/priorities:** The Sporting Capital loan fund is England's first social investment fund focused on the sports sector to support the

development of community sports organisations and organisations that deliver impact through sport. Our goal is to help these organisations to become sustainable; using our investment to support the development of new, or retain and expand existing, revenue streams. The loan funding will be used to help organisations develop new projects, operations and revenue streams. Whilst every organisation's needs will differ, we expect the funding to be used for projects and activities such as:

- Equipment to support revenue streams

- Recruitment, training and deployment of staff and volunteers
- Equipment to support business functions, including finance, project management and governance
- Other operating costs

So, for example, we cannot fund the “bricks and mortar” of a capital redevelopment such as a new roof, but we would consider investment to support a community café (new revenue stream). This could include café kit and equipment, training deployment of new staff and volunteers, management support to get the café operating and funding towards marketing the new venture.

**Who can apply?** Organisations that make a difference, or plan to make a difference, to individuals or local communities through sport. And these organisations are looking to do this sustainably by developing existing revenues, or creating new ones, to support their ambitions.

**Grant amount:** The £3m Sporting Capital Fund provides loan funding of between £50,000 and

£150,000 to eligible projects. The simple, repayable, unsecured loans will be tailored to meet the needs of each organisation and will be repayable over 3 to 5 years.

**Application process:** Complete the on-line form to determine how ‘investment ready’ you are

**Deadline:** on going
