

Businesses Supporting Food Charities

You can offer time or donations to the Community Warehouse

We will distribute to the 20+ Food Providers across the borough including Foodbanks, Food Pantries and Soup Kitchens

How you can help...

Support volunteering

Could you provide practical help in the community? We can connect your staff to volunteering opportunities like our Street Ambassador scheme or arrange a Team Volunteering day at the Community Warehouse.

Hold a donation campaign

The Community Warehouse needs a regular supply of tinned food, hygiene and cleaning products to redistribute to charities. Seasonal products are always welcome too for Winter Warmer packs or Sunshine Sacks and creative supplies help fill family creativity parcels. We will arrange collection, provide you with leaflets and posters, and help you plan your campaign.

Write Kindness Cards

Our Kindness Cards are included in every food parcel we make up, thoughtful messages can make the difference to someone's day. We can provide your staff with a stack of cards to write and return- spreading smiles throughout the borough.

Invest in supporting residents

Donations from local businesses have supported the creation of Christmas Hampers, invested in Care Packages, helped us buy food stock and equip the warehouse. We can also distribute donations between local foodbanks and food charities.

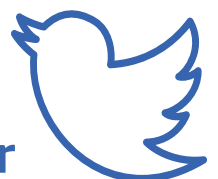

We will name and thank you in a press release and do a big Social Media shout out!
